OSRS has been producing rams for all NZ farming environments since 1954. Rams are vet tested, guaranteed. OSRS has performance recorded since 1960's and all flocks are SIL recorded.

- FIRST** commercial farm to have Texel, Finn and Oxford sheep in NZ, wayback 26 years ago.
- FIRST** to recognize the role of Finns and Texels as part of the mix with NZ genetics.
- FIRST** to sell Finn-Texel rams.
- FIRST** to arrange supply contracts which rewarded the users of Finn and Texel.
- FIRST** to market Finn and Texel carcasses, large scale, to NZ and export markets.
- FIRST** to market high bulk Texel wool to a processor and provide premiums for producers.
- FIRST** to market bulky Texel wool to export markets.
- FIRST** to promote stabilised crossbred sheep with fixed proportions of Finn, Texel and NZ genetics.
- FIRST** to produce and market Texel Suffolk rams.
- FIRST** to have eight months of lambing on one farm.
- FIRST** to achieve seven natural sheep matings in eighteen months.
- FIRST** to have an objective of six separate lambings per year without the aid of chemicals.
- FIRST** to produce colourful, informative, proactive newsletters regularly.
